The Mystic frame is built with 7 inch extruded resin ledges, 6 inch extruded resin verticals, resin top and bottom plates, and resin rails.

The wall is made of hot-dipped galvanized steel, reinforced with layers of copper bearing alloy, alkaline cleaned zinc bonderized coating, chromic seal, primer and a all weather enamel painted protective coating.

On the exterior side of the wall a textured Crystex coat sealant adds protection for all weather conditions.

Stainless steel hardware for extended life and high strength steel fasteners where required.
